834 W Bradley Pl, Apt 1

Chicago, IL 60613

EDUCATION

Illinois Institute of Technology:

Bachelor of Science in Computer Science *August 2003 - December 2007*

Bachelor of Science in Physics *August 2003 - December 2007*

WORK EXPERIENCE

Web Developer at Webitects, Inc *February 2008 - Present*

- Lead developer for communitycollab.org social networking portal with 500+ users.
- Lead developer of webitects.com, which was built in 3 weeks.
- Maintained Subversion and Git code repositories.
- Created a dynamic, virtualized staging environment built on VirtualBox.

INTERNSHIPS

Fermilab Computing Division *May 2006 - August 2006, May 2007 - August 2007*

- Created TablePlotter web interface to generate statistics plots of database data using Tomcat JSP implementation.
- Implemented client user interface using Google Web Toolkit.

Argonne National Laboratory *August 2005 - May 2006*

- Researched on applicability of aspect-oriented design practices to MySQL database patching.
- Evaluated of FroNTier Distributed Database project usage in the ATLAS experiment at CERN.

SKILLS

Web development:

- Ruby on Rails:
 - 15 months of rails work experience.
 - Rails Contributor with 3 patches (<http://bit.ly/h7lRx>)
 - Extracted and customized various rails plugins and gems.
 - Proficient with ruby core language.
- Javascript:
 - Proficient with jQuery library.
 - Highly proficient with unobtrusive javascript techniques.
 - Developed ajax_resource javascript library, a javascript implementation of REST resources (<http://bit.ly/tAk7b>)
- Testing:
 - 10 months work experience of Test Driven Development using Shoulda testing framework.
 - Extended Shoulda to utilize setup - evaluate - check/should workflow.
 - Utilized cucumber (webrat + selenium) for integration testing.
 - Javascript unit testing using QUnit.
- Highly proficient with RESTful web application design.
- Used both Mongrel cluster and Passenger deployments.
- Used MySQL database in production with Sphinx full text searching.

Other:

- Proficient using Git and Subversion.
- Long time Linux developer (Ubuntu, Archlinux, Redhat).
- 4 years of Java experience.
- 7 years of C++ experience.
